The best quality from design to provision

JEIL TECH Industry Co., Ltd.

COMPANY PROFILE

COMPANY INTRODUCTION

Welcome! We sincerely welcome you to JEIL TECH INDUSTRY CO., LTD.

We extend our heartfelt gratitude to our customers and partners, and we are committed to meeting your expectations by providing the highest level of service and trust.

At JEIL TECH INDUSTRY CO., LTD, we are dedicated to delivering innovative and reliable facility operation solutions. Our expertise lies in the manufacturing, maintenance, modification, and on-site services of **marine & truck loading arms**. We create safe and efficient working environments through tailored solutions that meet our clients' needs.

Additionally, we specialize in the manufacturing, installation, and maintenance of loading arms, bellows, rotating equipment and special alloy products suitable for various industrial environments. We prioritize quality and are committed to building sustainable relationships based on trust with our customers.

JEIL TECH INDUSTRY CO., LTD continuously strives to enhance competitiveness in the petrochemical and fluid/gas transportation sectors by fostering innovation and expertise. We will work together with our customers to grow and become the best partner for your success.

We invite you to join us in creating a better future. Thank you!

CEO Park Dong Hwa

COMPANY HISTORY

2025
- Renewed the INNOBIZ Certification

2024
- Renewed the ISO 9001, ISO 45001 Certification

2017
- Selected as a Star Company of Yeosu City, OHSAS 18001 Certification

2014
- MAINBIZ Certification, Venture Business Confirmation
- KICOX Award of CEO

2013
- INNOBIZ Certification, ISO 9001 Certification
- Establishment of a Corporate Research Institute

2006
- Corporate Conversion & Head office Plant Completion in Yeosu Industrial Complex
- MOTIR Award of Minister

1998
- JEIL Tech Industry Private Business Establishment

LOADING ARM

LOADING ARM **ACCESSORIES**

Total solution

CONSTRUCTION & MAINTENANCE

Know-how based on years of experience

Construction

We always respond to expectations of our top priority is customer satisfaction.

Jeil Tech Industry Co., Ltd. is one of the innovative venture companies as certified by the authority and control the quality strictly in accordance with the ISO9001 & ISO45001 provisions.
We put top priority to customer's demands try to offer best quality with cost saving products.

Maintenance

Dependable maintenance and consulting for your loading arms.

Our highly qualified engineers and technical are ready to travel the effectively and reliably service all kinds of loading arms. Also we have highly specialized experience of maintaining refurbishing on-site repairs, installing, and consulting on new designs for loading and unloading facilities.

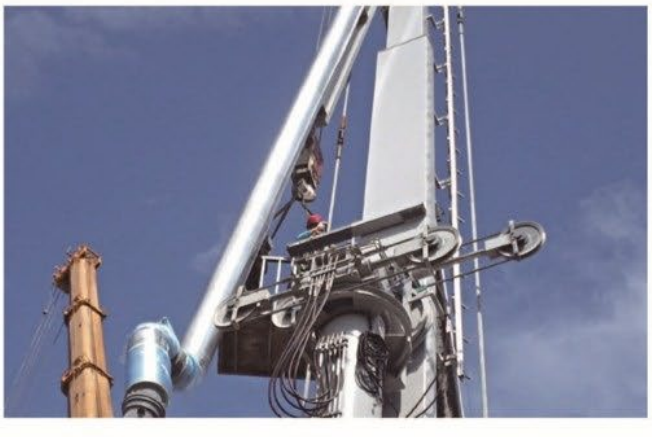

ROTARY MACHINE

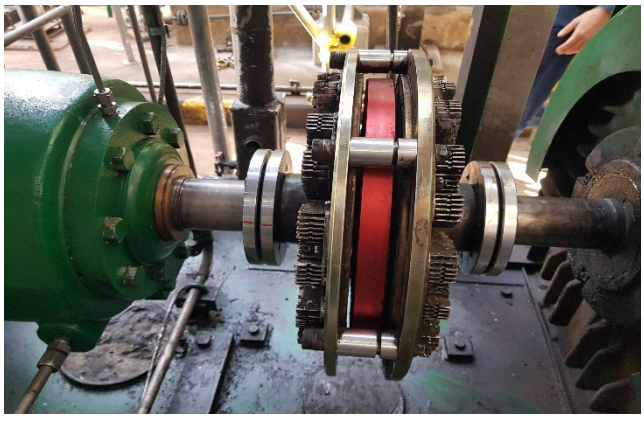

Dedicated maintenance and consulting for your rotating machinery.

Our expert engineers are ready to travel to provide effective and reliable service for all types of rotating machinery.
We specialize in maintaining, refurbishing, on-site repairs, and consulting on innovative new designs for rotating equipment facilities.

BELLOWS & SPECIAL ALLOYS

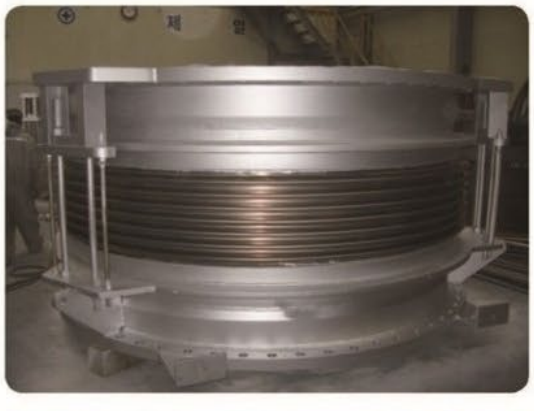

Leading global supplier of special products

BELLOWS

We supply the bellows which is designed for the customer's unique application. Major customers are the electric power generator, oil & gas, petrochemical, pulp & paper industries and heavy machinery manufacturers and the OEM market. We also produce the metal bellows and flexible hoses.

Special alloys

As a leading supplier, we are supplying a wide range of special alloys in accordance with customer's needs. Also we are willing to consult customer's demands and offer the best solution with our special alloys as our top priority is customer satisfaction.

Corrosion resistant alloys

NICKEL 200
MONEL Alloy 400
MONEL Alloy K500
INCONEL Alloy 600
INCONEL Alloy 601
INCONEL Alloy 625
INCONEL Alloy 718
INCONEL Alloy X750
INCONEL Alloy 925
INCONEL Alloy 800/800HT
INCONEL Alloy 825
INCONEL Alloy DS
C-276 Alloy
A286 GRADE 660
6 MOLY
UNS 31803 [DUPLEX]
UNS 32760 {SUPER DUPLEX]

17-4 PH SS

Heat resistant alloys

INCOLOY Alloy DS
INCOLOY Alloy 800
INCOLOY Alloy 800HT
INCOLOY Alloy 803
INCOLOY Alloy 600
INCOLOY Alloy 601
NIMONIC Alloy 75

Product line

Plate / Sheet / Coil
Forgings / Rings
Pipe / Tube
Round / Wire
Flanges / Fittings
Strip Coil

Service facilities include

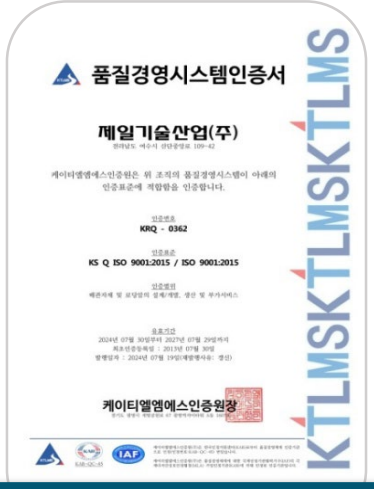

Bar sawing
Shearing
Plasma cutting
Forging
Heat treatment
Testing

Certifications

Quality · Safety · R&D · Manufacturing

JEIL TECH INDUSTRY CO., LTD. has secured a range of certifications and intellectual assets to strengthen its capabilities in quality management, occupational safety and health, and technological innovation. Based on these achievements, we provide customers with more reliable products and services.

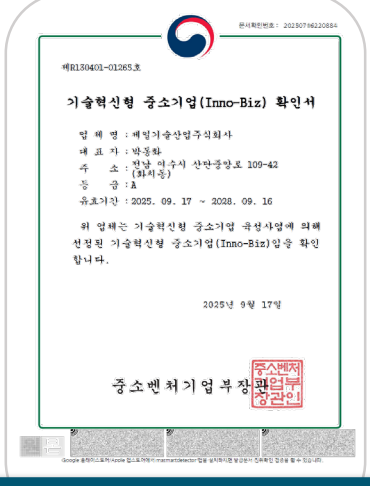

ISO 9001 Certification

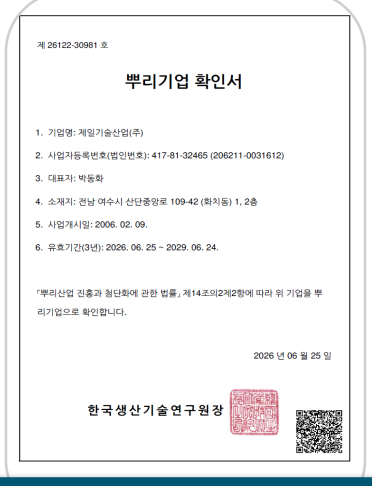

ISO 45001 Certification

Corporate Research Institute Certification

INNOB-IZ Certification

Root Industry Certification

Building Trust Through Verified Capability

Quality Assurance

Certified to the international Quality management System standard ISO 9001.

Safety Management

Certified to the Occupational Health and safety management System standard ISO 45001.

Technological Innovation

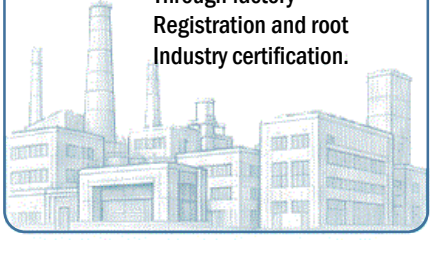

Recognized as an Innovative SME through Inno-biz certification.

R&D Capability

Strengthening Sustainable research and development Through certification of a Corporate research institute.

Manufacturing Foundation

Securing stable Production capabilities Through factory Registration and root Industry certification.

Patents

Registered technologies and intellectual property

Through continuous technology development and field-based innovation we have registered multiple patents. Our proprietary technologies enhance customer value and contribute to industrial advancement.

유체하역시스템의 긴급분리장치

특허증
CERTIFICATE OF PATENT

특허 Patent Number 제 10-1649796 호
출원번호 Application Number 제 10-2014-0129437 호
